21st Century Learning and BYOD

USING TECHNOLOGY TO ENHANCE AND ENABLE LEARNING

At Māruawai College we believe in allowing students to become connected learners for life. ICT allows greater collaboration, personalised delivery of curriculum, and many other opportunities to enhance teaching and learning for students.

Students at all year levels will use devices in class for your learning. In the same way that students will come to school and attend lessons in a classroom, with a teacher in front of them, we also use an online platform called Microsoft Teams for day-to-day activities. This is our online forum for communication, administration, making pastoral connections and learning.

PURCHASING A DEVICE

We want all students to have access to their own devices. If you cannot afford a device at this time, please contact the school to talk about how we can help provide your student with their own device.

DEVICE SPECIFICATIONS

- Windows 11
- 8GB of RAM minimum
- Core 5/Ryzen 5 recommended
- 256GB SSD Storage minimum
- Laptop case or cover recommended
- Damage protection/contents insurance recommended
